

Building blocks - cc2

Search for Building Blocks

Search for Right combination of Building Blocks

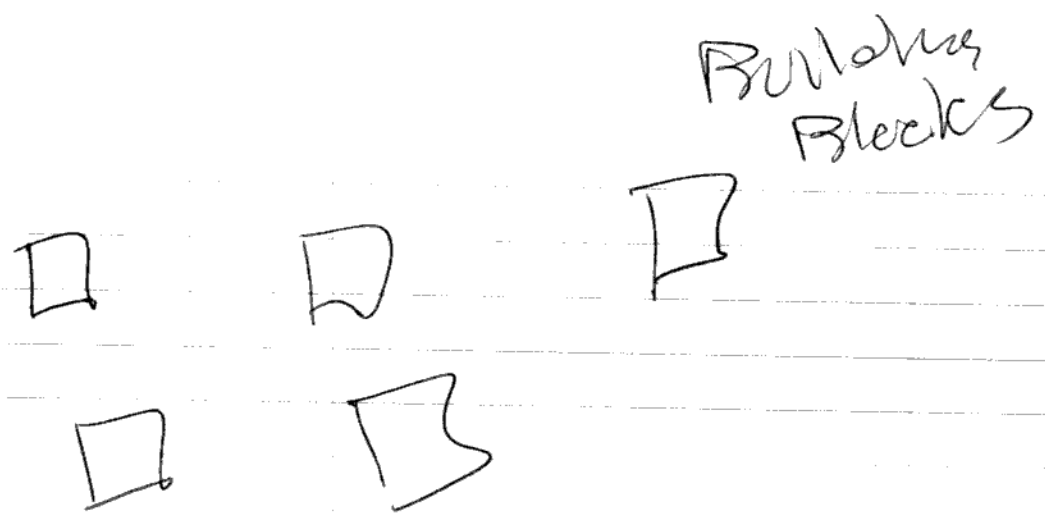

Building Blocks required for effective replication

Building Blocks must be evaluated against long time to acquire enough data for testing blocks

Qualities of good example?

- Building blocks
- replication
- Parent/seed ratio

Programs

Replicate DNA  
Seeds

If you have the right building blocks  
you will get the spontaneous  
generation of Programs / self organizing  
Structures.
